May 2028

Major: Computer Information Systems | **Minor:** Business Administration

Relevant Coursework: Algorithmic Design, Advanced Programing, Software Engineering, Discrete Math Structures

PROFESSIONAL EXPERIENCE

DPJ Media LLC

Remote

Co-Founder, CTO

Dec. 2025 - Present

- Built and launched Spring-Ford Press, an AI-assisted local news platform, developing the full stack site and Supabase backend to manage articles, users, advertising infrastructure, and analytics dashboards.
- Integrated the diffuse AI platform into the site's backend, enabling users to link accounts and leverage AI tools for document processing, meeting transcription, and drafting news articles using AI workflows
- Scaled the platform to early adoption, attracting 100+ active users in the first month and generating 50k+ article views while serving as a sole developer for the site and infrastructure.

US Health Connect

Fort Washington, PA

Generative & Agentic AI Integrations Intern

May 2025 - Present

- Built and deployed AI-powered tools, websites, and software in Cursor, n8n, and GitLab, streamlining workflows for internal teams and enhancing client healthcare education solutions.
- Led company-wide AI training sessions for audiences of 200+ employees, teaching practical applications of custom GPTs, AI agents, and LLMs to increase productivity.
- Designed and implemented n8n AI agents to automate scheduling, email responses, and department-specific workflows, providing tailored AI solutions across all areas of the company.

Charkol Steakhouse

Freehold, NJ

Head Social Media Manager

April 2025 - Present

- Ran targeted Meta and Google ads, growing Instagram by 8,500 followers in five months and boosting weekend reservations by 22.5% YoY.
- Created and managed high-impact social content strategies, ensuring each campaign outperformed the last through innovative marketing approaches and data-driven optimization.
- Developed and maintained the restaurant's website by implementing SEO, integrating APIs, and setting up advanced ad-to-reservation tracking to measure campaign performance and drive customer conversions.

EXTRACURRICULAR INVOLVEMENT

Molinaroli College of Engineering and Computing

Columbia, SC

Associate Ambassador

Jan. 2025 - Present

- Selected to join a prestigious group of ambassadors representing 3,400 undergraduate students in the College of Engineering and Computing.
- Conduct weekly tours of the college and foster connections with prospective students, emphasizing the value of the engineering and computing journey.
- Deliver engaging presentations that showcase student success stories, innovative research, and the academic opportunities available at the university.

Alpha Kappa Psi, Beta Upsilon Chapter

Columbia, SC

Academic Chair

Oct. 2024 - Aug. 2025

- Oversaw academic progression as the primary link to campus resources, supporting members' growth and success.
- Launched a tutoring program and weekly raffle system to reward academic achievement and collaboration.
